# Safety Data Sheet according to HPR, Schedule 1

Reviewed on 07/02/2024 Printing date 07/02/2024 1 Identification · Product identifier • Trade name: iBOND Ceramic Primer · Application of the substance / the mixture Auxiliary for manufacture of dental prothesis · Details of the supplier of the safety data sheet Manufacturer/Supplier: Kulzer GmbH Tel.: +49 (0)800 4372522 Leipziger Straße 2, 63450 Hanau (Germany) · Information department: Tel. +1 (800) 431-1785 Fax: +1 (800) 522-1545 e-mail: customer.servicehkna@kulzer-dental.com · Emergency telephone number: Emergency CONTACT (24-Hour-Number) ID 105860: (domestic) 1 800 535 5053 or international (001) 352 323 3500 2 Hazard identification Classification of the substance or mixture Flammable Liquids - Category 2 H225 Highly flammable liquid and vapour. Eye Irritation - Category 2A H319 Causes serious eye irritation. Skin Sensitizer - Category 1 H317 May cause an allergic skin reaction. Specific Target Organ Toxicity - Single Exposure -H336 May cause drowsiness or dizziness. Category 3 · Label elements GHS label elements The product is classified and labeled according to the Globally Harmonized System (GHS). · Hazard pictograms GHS02 GHS07 · Signal word Danger · Hazard-determining components of labeling: propan-2-ol acetone methyl methacrylate Hazard statements Highly flammable liquid and vapour. Causes serious eye irritation. May cause an allergic skin reaction. May cause drowsiness or dizziness. · Precautionary statements Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Avoid breathing mist/vapours/spray. (Contd. on page 2)

4 First-aid measures • Description of first aid measures

• After inhalation Supply fresh air; consult doctor in case of complaints.

- After skin contact Generally the product does not irritate the skin.
- After eye contact

Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.

Reviewed on 07/02/2024

### Trade name: iBOND Ceramic Primer

· After swallowing

Rinse out mouth and then drink plenty of water.

If symptoms persist consult doctor.

Information for doctor

- Most important symptoms and effects, both acute and delayed
- No further relevant information available.
- Indication of any immediate medical attention and special treatment needed No further relevant information available.

#### 5 Fire-fighting measures

#### · Extinguishing media

Suitable extinguishing agents

CO2, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.

- **Special hazards arising from the substance or mixture** Can form explosive gas-air mixtures.
- Formation of toxic gases is possible during heating or in case of fire.
- Advice for firefighters
- Protective equipment: No special measures required.
- · Additional information -

#### 6 Accidental release measures

- Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. • Environmental precautions:
- Prevent seepage into sewage system, workpits and cellars. Dilute with plenty of water.
- **Methods and material for containment and cleaning up:** Absorb with liquid binding material (diatomite, universal binders, for small amounts tissues). Ensure adequate ventilation.
- Reference to other sections
   No dangerous substances are released.
   See Section 8 for information on personal protection equipment.

#### 7 Handling and storage

- · Handling
  - · Precautions for safe handling Keep receptacles tightly sealed.
  - Information about protection against explosions and fires:
  - Keep ignition sources away Do not smoke. Protect against electrostatic charges.
- · Conditions for safe storage, including any incompatibilities
  - <sup>.</sup> Storage

• Requirements to be met by storerooms and receptacles: Store in a cool location.

· Information about storage in one common storage facility: Not required.

• Further information about storage conditions:

Store in cool, dry conditions in well sealed receptacles.

Specific end use(s) No further relevant information available.

#### 8 Exposure controls/ Personal protection

· Additional information about design of technical systems: No further data; see section 7.

Control paramet	ers
-----------------	-----

• Components with limit values that require monitoring at the workplace:

#### 67-63-0 propan-2-ol

- EL STEL: 400 ppm TWA: 200 ppm
- EV STEL: 400 ppm TWA: 200 ppm

#### 67-64-1 acetone

- EL STEL: 500 ppm TWA: 250 ppm
- EV STEL: 750 ppm
  - TWA: 500 ppm

· Additional information: The lists that were valid during the creation were used as basis.

#### · Exposure controls

Personal protective equipment General protective and hygienic m

- General protective and hygienic measures
- Avoid contact with the eyes. Keep away from foodstuffs, beverages and feed.
- Immediately remove all soiled and contaminated clothing
- Wash hands before breaks and at the end of work.
- Avoid contact with the eyes and skin.
- Breathing equipment:

Not necessary with efficient local exhaust. If exposition to vapours is possible, use breathing protective mask (filter A).

<sup>•</sup> Protection of hands:

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation

Check protective gloves prior to each use for their proper condition.

recommended Material of gloves

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application.

#### 13 Disposal considerations

Waste treatment methods

Recommendation

Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

- · Uncleaned packagings:
  - Recommendation: Disposal must be made according to official regulations.
  - Recommended cleansing agent: Water, if necessary with cleansing agents.
